Coronavirus (COVID-19) SAFETY MEASURES

Hello Clients,

We at Medical Procedure Escorts, VIP Security Transports & Finest Chauffeurs value our clients immensely. We take your safety & health seriously, and we're doing our part, during this coronavirus (COVID-19) health crisis to help keep you safe.

We know everyone is concerned about being on trains, & touching poles, as well as being in vehicles and sitting in areas where a potentially infected person may have been.

Therefore, clients have the option to book a disinfected vehicle prior to their pickup. You may ask what actions are taken.

1. We spray and wipe down the entire cabin with Clorox 4 in One disinfectant & sanitizer and concentrate on areas where clients sit and usually touch.
2. We then use a Travel UV sanitizing wand, to scan / wand the interior vehicle, which is scientifically proven to reduce bacteria in fabric and in the air.
3. We place Chiro rolls paper over the head rest, so you can rest your head on freshly placed paper. This is the same paper used in doctors' offices.
4. We also have placed miniature UVC disinfectants in every vehicle.
5. We will not knowingly send out any drivers who are sick with a cold or any possible transmissible illness. We'll reschedule drivers when we have adequate notice.
6. Clients can request our driver wear a mask if that makes the client more comfortable.
7. We've stocked every vehicle with anti-bacterial hand wipes and Purell gel for Clients & drivers.
8. Lastly, we are checking driver's temperature before they leave the base to go out on an assignment and if they start from home, we're telling them to check their own temperature.

No other companies in the tri-state area are taking the extensive measures that we are, to keep our clients healthy and safe. **Let us be a part of your team to keep your CEO & other key executives safe & healthy, as well as your family, members who are elderly & those with underlying health conditions safe & healthy during this health crisis.** Our 30-minute preparation fee is being waived for all our pre-Coronavirus (COVID-19) clients. Please email or call us and ask for your vehicle to be disinfected prior to your pickup. Additionally, if our clients have any suggestions for us during this crisis, please do not hesitate to contact us, constructive criticism is appreciated.
